

DEMONSTRATION SET-UP FOR THE EEUG SEPTEMBER 2005 WORKSHOP

For demonstrations, please adhere to the following guidelines:

- A table with 2 power sockets and a poster display area behind the table will be available. Please advise if additional power sockets will be required.
- The available area for the poster will be approximately 1m x 1m.
- Clearly identify the following information in a single area to the top right corner of the presentation area:
 - Title of poster presentation.
 - Research/teaching project title and funding source.
 - Authors and affiliations.
 - Types of devices used (e.g. FPGA part and manufacturer).
 - The ECAD used in the project.
 - The primary source of ECAD support used (e.g. RAL/Europractice).
